

## EUFEPS Virtual Annual meeting 2021 – Bridging the gap between the patient and product design

### Preliminary Program June 9 - all sessions live in virtual classrooms

<b>09:00</b>	<b>Award Ceremony</b> Prof. Dr. Dieter Steinhilber, Goethe University/ President EUFEPS	
	<b>Model-based drug development and treatment optimization for tuberculosis</b>	<b>Big pharmacogenomics data- from bench to bedside and back again</b>
	Chairs: Coen van Hasselt, University of Leiden and Rob van Wijk, University of Leiden	Chairs: Ana Alfirevic, University of Liverpool
<b>09:15</b>	Mechanistic translational PKPD modelling to support tuberculosis drug development <i>Ulrika Simonsson, Uppsala University, Sweden</i>	Pharmacoeconomic considerations for pharmacogenetic testing <i>Dyfrig Hughes, Bangor University, School of Health Sciences, UK</i>
<b>09:40</b>	Short lecture <i>Speaker selected from abstracts</i>	Short lecture <i>Speaker selected from abstracts</i>
<b>09:55</b>	<b>Coffee Break</b>	
	<b>Frontiers in Drug Discovery</b>	<b>Regulatory science 2025: from Science to Regulators</b>
	Chair: Dieter Steinhilber, Goethe University and Michael Sundström, Karolinska Institutet	Chair: Rogério Gaspar, University of Lisbon and Marieke de Bruin, CORS, Denmark
<b>10:10</b>	The SGC Target Discovery Public-Private Partnership: Status and Plans for 2020-25 <i>Michael Sundström, CMM, Karolinska Institutet, SGC</i>	Innovation and regulation in Advanced Therapeutic Medicinal Products (ATMPs) <i>Miguel Forte, Bone Therapeutics, Belgium</i>
<b>10:35</b>	Platformization – A High Throughput Protein Engineering Platform for the Development of Multispecific Protein Therapeutics <i>Thorsten Schmidt, Sanofi, Germany</i>	Opportunities for regulatory science in the Nordic region <i>Marieke de Bruin, CORS, Denmark</i>
<b>10:50</b>	Short lecture <i>Speaker selected from abstracts</i>	Where is regulatory science moving in the next decade? <i>Hubert Leufkens, UIPS, Netherlands</i>
<b>11:30</b>	<b>Lunch and Exhibitors interaction possibilities (to be decided)</b>	

	<b>Selecting the right animal model in medicines development</b>	<b>Challenges in biosimilarity assessment</b>
	Chairs: Ronette Gehring, Utrecht University, Netherlands and Ivo Schmerold, University of Veterinary Medicine, Vienna	Chairs: Henning Blume, SocraTec R&D, Germany
<b>1230</b>	Large animal infra center – collaboration between veterinary and human medicine <i>Henrik Rönnberg, Swedish University of Agricultural Sciences</i>	Basic concept: comparability exercise <i>Speaker to be announced</i>
<b>1255</b>	Reverse Translational Pharmacology: Paradigm Shift or Flash in the Pan? <i>Jonathan Mochel, Iowa State University College of Veterinary Medicine</i>	PK characteristics and potential impact of ADA formation <i>Speaker to be announced</i>
<b>13:20-13:30</b>	<b>Closing remarks</b> Prof. Dr. Dieter Steinhilber, Goethe University/ President EUFEPS
